WOMEN AND YOUTH ART FOUNDATION

The Women and Youth Art Foundation is a not for profit, nongovernmental organization based on teaching skills to children, youth and women in Nigeria. Our mission is to provide skills for improved living and economic empowerment. We cater for the under privileged in society as well as groups which require our services. We organize free community projects all year round. All we require is that your organization applies early enough directly via email or through our office in Lagos. Such groups must be community based and not commercially inclined. We also in collaboration with other NGOs and institutions organize workshops periodically. Below are some of the workshops you may want to attend. All workshops are either free or highly subsidized by the Foundation. You recommend our popular educational VCDs which have been distributed widely across Nigeria. At present we have trained over 8,000 people directly and distributed over 300,000 VCDs. Wy Art is at the front line of genuine vocational training in Nigeria. You can contact us via our email, blog, website, telephone. Welcome to the arts.

HOW TO REGISTER AND ATTEND WY ART TRAINING PROGRAMMES FREE WORKSHOPS

▪ FREE MONTHLY

WY Art holds free workshops every third Monday of the month for any interested persons in various arts and crafts. WY Art attends to requests for free teaching and demonstration from registered members of WY art whether groups, churches, associations, schools at their location (see membership details)

▪ COMMUNITY SERVICE FOR THE PHYSICALLY CHALLENGED

WY Art organizes as a means of public service, free workshops for the physically challenged in general arts and crafts. All we require from the

FREE

group is that they provide all their materials. We teach for free.
