 You're the diamond in the rough.
 You're the one for me.
 You're the one I've always wished for.

Some people like to live like Hausas and some Hausas like to live like Ibos. Hausas shave their heads entirely without one single hair remaining but Ibos do not shave like these. They shave with styles, namely: 'Senior Service Cumba' Baby face' 'Police style' 'Ajilo' 'Sugar baby' 'Lagos style' etc.

Hausas have no style other than the one called here 'Mala' which means entire shaving off the hairs. If you are an Ibo, do you shave like Hausas? If you are a Hausa, do you shave like Ibos? It is what I mean by strange life different from the ones of your people.

I must make you know that natives can criticise you if you are living strange life. They can dislike you for it. Shaving the hairs in contrary, however is not serious offence but I have just mentioned it as an instance. It is never serious, there are other things which carry weight and which can certainly earn you bad name and hatred before your fellow tribe's people or town's people.

LIVE LIKE NATIVES

Many people say that is very wise that a stranger should change and commence to act like the natives he is like in their place in order to sign their love. I myself I suggest that a stranger should only just be social to the people he is living in their place but will not eat what is forbidden in his town in other to please them and do injustice to himself.

NOW WORDS FOR COMMON-SENSE

Copy nobody's ways than yours. Not that the son it tall is power. Do not do to somebody what you will not like him to do you. Your near-rest neighbour is your nearest brother. Life is but an empty dream. Honesty is the best policy Nearly never kills a bird A shi-

Angel Of My Life

Posture: Do you generally stand up straight or slouch? If you look more like Mr. Burns than James Dean, then you should consider studying what's known as the Alexander Technique. It teaches you how to stand up straight without stress or strain.

Avatar: No, not the movie. When I say avatar I'm describing the overall impression you give someone when they first lay eyes on you. Do you look like a guy who just searched for how to get a girl to like you or do you seem like a guy who can get anyone he wants?

Step 2: SOCIAL CIRCLE

Ask most couples how they met and at least half will say: "We met at a party" or "He was a friend of a friend." Forget bars, clubs and malls: the best way to find a girlfriend is to know one of her friends. The business equivalent of talking to a girl at a bar is cold calling someone at their house during dinnertime. But meeting a girl through connections is like meeting a potential client after coming highly recommended from a former customer. Although it may seem have little to do with how to get girls to like you, expanding your social circle is actually very important for your dating life.

The best way to expand your connections in this world is to find common interests with others. In simpler terms, join clubs and organizations that are in-line with your values. Not only will you meet people that jive with your worldview, but the girls they introduce you too will probably be ones that you'll mesh with. Remember: you have standards too!

Step 3: REJECT GAME

How can I possibly describe game something that has thousands of books, magazines and articles written about it in a few hundred words? Easy. My philosophy on game is this: forget it. Yes, most people say that having so-called game is a must for knowing how to get a girl to like you, but I disagree. The only game you need to get a girlfriend is to be confident, congruent and successful. The rest is noise.

Angel Of My Life

Step 4: DO SOMETHING WITH YOUR LIFE

For the older guys reading this, they understand that one of the first questions that pops out of a girls mouth when she talks to you is, "What do you do." While some girls may simply be looking for conversation fodder, most are trying to get an understanding of your life. In other words, are you fun, exciting and rich or uptight, boring and broke? No matter what your profession happens to be, make sure that you give off the impression that you spend your days doing something that excites you.

As an aside, getting easily excited about the things in your life is one of the lesser-known tricks in the how to get a girl to like you community. Even if you're a student, tell her about your skateboard design side-business. And if you don't have anything cool to say then do something cool. There's no excuse for not living life to the fullest!

Step 5: THRILL OF THE CHASE

If you've gotten to the point in your studies of how to get a girl to like you that you already know how to flirt with a girl, how to tell if a girl likes you and convey a winning personality and life, all that's left is getting to yes. Paradoxically, to do that, you need to act somewhat disinterested. Even if you think she's into you (or even especially if you think that), then you need to back off a little. No need to be rude, just act like you have better things to do or other things going on in your life. After a few days of this, try to kiss her or hold her hand and see what happens. If she says "no", it's not a big deal. Just back off for a few weeks and build up a stronger relationship.

Step 6: LOOSE ENDS

Even if you had no clue of how to get a girl to like you before my guide, I hope that you're at least a little more knowledgeable than before. I'm not going to lie to you: the subject of how to get a girl to like you if a lifetime school that never ends. Fortunately, learning in real-life with actual girlfriends and romantic adventures ensures that you'll have fun along the way.

In summary, to get a girl to like you, make your appearance near-perfect, expand your social circle, avoid discussions of game and become the one that is chased. Once you have these skills down then you'll officially become a grand master of how to get a girl to like you and you'll be teaching other guys exactly how it's done!

to show it.

She gave the letter to Margie who read it hurriedly and then gave out a mischievous cough.

Mabel looked at her. "What do you think of it?" "So the boy no take the thing from you?" Margie asked. 'Na you cousam' Mabel said, feeling quite sad.

'Well e no bad plenty. Mamma no do for house. You fit go him house sleep till morning; nobody go bother you' Margie said sincerely.

'Bo make we day look now.' She took the letter and went back to reply it.

She wrote also on a blue envelope. She drew a heart which this time was pierced with two swords.

My Sugar,

You think you are suffering more than I do. But you are wrong. The thing is this: my heart is strong for you but my body is weak.

I love you three times more than you love me. But there is one thing wrong. I do not know how we shall do that thing. You know it will be my first time and that is why I don't know how to start.

That afternoon I wanted it more than you but I was very much afraid.

Don't blame me for what you say you suffered

CLUES TO SUSPECTING A PRETENDING PARTNER

1. JEALOUSY: A pretending guy may not be jealous, even if he sees another man naked on you. He won't give himself unnecessary stress, he would rather pretend as if he doesn't see you. If he sees too many guys around you, he may not bother to ask too much questions, but laughs and smiles at every situation. To a pretending guy, everything you do is right, because He won't give himself too much worries by saying what you did was wrong.

Though, some of them pretend to be jealous, but what they do is that they over-react over a minor issue and use it as an excuse to dump you.

2. RESPECT: A pretending lady may not respect you as a man. Women of this caliber have no plan of becoming your wife. Your divine woman must be able to accept you as the head. Therefore, she must honour you. Whatever you tell her not to do will never be done. Then, any lady that dump your ideas and instructions is likely to be a player.

3. IGNORING FUTURE DISCUSSIONS: Whenever you talk about marriage, or any future discussion that has to do with matrimony, a pretending man may not contribute much, he talks little about it and say something else over the discussion.

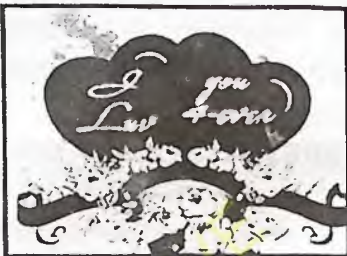

4. PRESENTATION: A pretending lady will never have the boldness of presenting you to her parents and relatives, because if she presents you today and introduce another man tomorrow, people would give her a bitter name.

5. COMMITMENT: The man would show a high commitment in the first place, but later change. Commitment is an essential feature in any relationship, and one thing that should be noted is that commitment only appreciates in a true relationship, but never depreciates. Therefore, if you discover reduction in a man's commitment towards you, that means something is wrong somewhere.

6. INCONSIDERATE: She won't care about your predicaments, all she want is to satisfy herself at all time. Even, when you are financially down, She would still pressurize you for money and tell you to provide the money at all cost, even if stealing is the way out. A lady of this character may not have any future plan for you.

LOVE TEXT MESSAGES

* I think back to how empty my life was without you, and I am so grateful that you are here. I have found in you what it means to "love."

* You left a mark on my life that can not be washed away! My love for you surpasses the love for myself and although it sounds wrong it is very true! I love u.

* I just wanted to let you know that you are my heart, my everything, and the other half of my soul, I love you with everything I have and hold. I love you so.

I'm on a mission to get over you, in other words mission impossible.

Nice people are blessed people, ever friendly, always smiling, forgive easily, hold no grudges and keep no malice. Send this to a nice person. I just did.

One measure of friendship consists not in the number of words that friends can discuss, but in the number of words they need no longer mention.

*They say you only fall in love once, but that can't be true...
Every time I look at you, I fall in love all over again.*

ADVICE

SPIDER BITE?

If you find someone is not comfortable with you, just come out of their life before they start hating you

The biggest advantage in speaking truth is that you never need to remember what you said earlier...

Be prepared and some day your chance will come. People will always throw stones in your path. It depends on you! what do you make from it: A "Wall" of difficulties. OR, A "Bridge" of success.

A smile is a language even a baby can understand, it costs nothing, but it credits much. It happens in a flash but the memory of it may forever last.

Don't love sumone who is beautiful, But love the 1 Who can make Ur life beautiful.

A fool may be known by six things :
Anger without cause, speech without profit,
Change without progress, enquiry without object,
Putting trust in a stranger, mistaking foes for friends.
DO YOU HAVE ANY OF THE ABOVE QUALITIES?????

3 Golden Rules
From Swami Vivekaanda:
"who Is Helping You,
Dont Forget Them,
Who Is Loving You,
Dont Hate Them,
Who Is Believing You.
Dont Cheat Them...

If you want to be happy for a short time,
GET DRUNK
If you want to be happy for a long time,
FALL IN LOVE
But if you want to be Happy forever,
Don't even think of these two.

A Strong And
Positive Attitude
Creates More Miracles Than
Any Other Things,
Because Life Is 10%
How We Make It
And 90% How We Take It.

Anybody can love a rose,
But it takes a great deal to love a leaf.

Understand that friends come and go.
But you should hold on to a precious few.

Miracles do occur, but one has to work hard for them to happen.

A Winner Can Show You The Way To Success,
But A Looser Can Make You Aware Of All Ways For Failure.

A hero is no braver than a ordinary man, but he is braver five minutes longer

HOW TO MAKE A GIRL LIKE YOU

Wondering how to get a girl to like you? Use my insider secrets and she'll run into your arms today. Are you ready? If so, grab a pen, some paper and a Red Bull and get ready to learn everything (and I mean everything) there is to know on the subject of how to get girl to like you. In order to make this guide as simple as possible, I've decided to put everything in step-by-step format. That way, you'll be able to go from A to Z (and by Z you should have a girlfriend!).

Step 1: APPEARANCE AUDIT

Although looks aren't nearly as important to girls as they are to men, that doesn't mean you should throw on any old clothes and only shower a few times per week. Upping your appearance from a 5 to an 8 is an absolute game changer. In fact, increasing your style and conveying a winning personality are two of the most important ways to become more attractive literally overnight.

Here are some basics of your appearance to investigate, evaluate and fix if necessary:

Hair: Does your haircut show your style and guts or does it show that you like to spend less than \$10 for your haircuts? If it's the latter head to a proper salon and ask a professional to find a new look that fits your face and head shape.

Skin: Is your skin generally clear and free of scratches and acne? If not, head over to trained dermatologist to see what treatment options can help clear up your skin.

Clothes: Clothes don't make the man but they make him look good. Issues regarding style and clothing are a complex issue, but the best way to gain a sense of style rapidly is to shop with other girls. By osmosis or by direct lessons, you'll pick up some gems you'd never get on your own.

'I mean that man way no de gree you sleep for night,' Margie said. 'Rubbish,' Mabel said 'who tell you say na man de worry me for night'?

'Okay' Magie said, but I been wan tell you one thing wey happen to me this morning,' Mabel was anxious. 'Tell me, I beg, she pleaded. You remember that time when I been come out to buy pepper?' Margie asked 'Yes'

'Some person been meet me at the passage and gave me this,' Margie brought out a paper from her pocket and held it towards Mabel. 'It was from a young boy who say him de come here every day and that him sabi two of us. Mabel took the letter and opened it.

Juicy Margie,

Trully I cannot tell how I fell every-time I come to chop for that your hotel. Every time I see you something moves uneasily inside my body and I wish I could hold you in my arms and press you close to me.

Infact I like you very much and if you give me a piece of your love, I think I will be the happiest boy on earth. We live at No. 100 Moore Street and I see you from my window every time you pass to the market. Please Margie say you will like me little and I will do anything for you once you say the word.

Heart Love Text Messages

Toasting Text Messages

Can you give me directions to your heart? I've seemed to have lost myself in your eyes.

Hello, I'm a thief, and I'm here to steal your heart.

Apart from being sexy, what do you do for a living?

Is it hot in here, or is it just you?

Your beauty makes the morning sun look like the dull glimmer of the moon.

Do you know what I did last night? I looked up at the stars, and matched each one with a reason why I love you.

If a thousand painters worked for a thousand years, they could not create a work of art as beautiful as you.

If beauty were time, you'd be eternity.

Most people like to watch the Olympics, because they only happen once every 4 years, but I'd rather talk to you because the chance of meeting someone so special only happens once in a lifetime.

Is there an airport nearby or is that just my heart taking off?

Something tells me you're sweet. Can I have a sample?

Do you mind if I stare at you up close instead of from across the room?

If I had a rose for every time I thought of you, I would be walking through my garden forever.

If beauty were time, you'd be eternity.

I'd ask you for a light, but you've already lit my fire.

There's so much to say but your eyes keep interrupting me.

If I could rearrange the alphabet, I'd put U and I together.

You can't be real. May I pinch you to see if I'm dreaming?

You are the reason men fall in love.

If you stood in front of a mirror and held up 11 roses, you would see 12 of the most beautiful things in the world.

When I saw you from across the room, I passed out cold and hit my head on the floor, so I'm going to need your name and number for insurance reasons.

Do you want to see a picture of a beautiful person? (hold up a mirror)

Did it hurt when you fell out of heaven?

Do you have a map? I keep getting lost in your eyes.

God was showing off when he made you.

Could you please step away from the bar? You're melting all the ice.

There's a star in the sky for every time I think of you.

I've noticed you noticing me and I'm just giving you notice that I've noticed you!

My love for you is like diarrhea, I can't hold it in.

You're so hot that you make the sun jealous.

I should call the police because you're stealing my heart.

I can't wait until tomorrow. Somehow you get prettier every day.

Can I have your heart? I need it to be complete and I don't feel whole without you.

How to Turn Your Boyfriend Into Your Husband Fast!

Most women dream of their wedding day from the time they are very young. When a woman finally meets the man of her dreams, she may think her wedding day is near. However, some men take longer than others to finally pop the question. If you find yourself in a relationship with a stubborn guy who just won't ask you to marry him, this article has some ideas of how to speed the process along.

The first thing you should do is plant the seed in his brain by subtly letting him know every so often that you would be happy spending your life with him. Don't go overboard with this approach, but say it to him often enough so there is no doubt in his mind how you feel. If you bash him over the head every day with ideas of a lifelong commitment, it could end up having the exact opposite effect that you want it to have.

You might mention the fact that the two of you have many things in common in terms of future goals and things that you like to do. Make him realize that you are a perfect fit for each other. Hopefully, he will start to think that he would never find another relationship with the same amount of chemistry that you and he have together. Again, subtlety is key in this approach.

As the old saying goes, actions speak louder than words. This is definitely the case when trying to convince a man to make the huge step of marriage with you. Go out of your way to do special things for him. Make sure these are things that you normally don't do for him on a daily basis. If everything is business as usual, he probably won't notice your subtle hints.

A good idea would be to help him with some tasks that are normally his responsibility. For example, if he usually pays the monthly bills and cuts the lawn, he would be very surprised and happy to come home and find those jobs already completed by you.

In many cases, the man does not propose because he simply has not found the right opportunity to make a proper proposal. Most men want their proposal to be extremely memorable and in a very romantic location. If you feel that your man is just waiting for that special moment to make your dreams come true, then make it easy for him.

Surprise him by booking a romantic weekend getaway for the two of you. Choose a spot that would be ideal for him to propose. You can also arrange a dinner at a restaurant that both of you only go to on very special occasions.
